We've been all around the city and these are the artworks (and ephemera) that have us the most excited during Miami Art Week. We'll be updating this daily as we continue our journey through the fairs.

**WORK AND ARTIST: "El Patio, 1988" by Judy Pfaff**

PRICE: \$400,000

EXACT LOCATION: SP6, across from the Cristin Tierney booth, A17 WHY IT MATTERS: This massive sculpture from the artist's early period comes from one of this century's most influential sculptors and educators. The presentation goal, says Tierney, is to draw attention from a museum, where it so rightly belongs.
